The CSIC, through its repository DIGITAL CSIC, expresses its commitment to cooperate with the expansion of the open access movement. **how?**

Promoting

Initiatives to support open access publishing:
- Open Access URICI-CSIC Fund
- SCOAP3
- FP7 post-grant OA pilot

Participating

In actions promoting new models of open publication:
- Knowledge Unlatched
- Libaria

Looking for

alternatives to traditional peer review processes linked to repositories:
- Open Peer Review Module for Institutional Repositories project (OPRM)

Collaborating

internationally with stakeholders to promote Open Access interoperability and policies:
- OA Science Europe Working Group
- COAR WG on controlled vocabularies

Contributing

to the development of Open Access infrastructures:
- Arxiv
- DOAJ
- OpenAire

Helping

CSIC’s authors to:
- Publish Open Access
- Comply Open Access mandates
- Upload publications into Digital.CSIC
