How to get involved with us and leverage the network as a EIT RIS network partner

• Leverage the network as a EIT RIS network partner: geographical expansion, strategic priority regions defined by EIT Health
  • Expanding existing business creation and education programs to EIT RIS regions
  • New EIT RIS hubs to work with InnoStars members as regional mentors, with a focus on strengthening the local innovation ecosystem in new EIT RIS regions
• Join EIT Health partners as external project partners
