PLACE-MAKING  
+ ARCHAEOLOGY

A grid of approximately 15 colorful sticky notes (yellow, light blue, pink, and green) is affixed to the whiteboard. The notes are organized into three vertical columns. The left column contains three yellow notes. The middle column contains five light blue notes. The right column contains five pink notes. There are also two green notes positioned to the right of the pink notes. The notes appear to contain handwritten text, likely related to the project's goals or findings.
