Session Comments

Questions and Doubts

Do you think there is scope to involve the older generation in archaeology, possibly after retirement?
Kevin W

Suggestions

What about rethink archaeology-anthropology and history as a more as a more prismatic way of view of the human adventure??

Explore long-life learning and aging; can it be a profitable relation for archaeology? *Felipe*

Critics

[Redacted]

Likes

Long-life learning as an intrinsic element in the making of a knowledge society, is a very good point to focus on. *Felipe*

How do we overcome the discrimination of age in job advertisement while all other discriminations seem to have been eliminated? *Sophie*
