

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Calculation of Thraustochytrids biomass based on ddPCR, on 2-20 um filters

File Name: Supplementary Data 2

Description: Calculation of Thraustochytrids biomass based on ddPCR, on 20-200 um filters

File Name: Supplementary Data 3

Description: Calculation of bacterial biomass based on qPCR, on 2-20 um filters

File Name: Supplementary Data 4

Description: Calculation of bacterial biomass based on qPCR, on 20-200 um filters
